The report site information is sent no later than two business days prior to the event.

Archived sessions can be accessed for 1-2 weeks after the event.

Event report will be provided separately by a sales representative after tabulation.

Important Notes

| Cancellation Policy

Please note that a cancellation fee will be charged if any of the following conditions apply after the order form has been exchanged
after submission of registration form
after the start of the office guidance

In such cases, cancellation fees will be as follows;
up to 41 days prior to the event: 50% of the contract fee
within 40 days of the event: 100% of the contract fee

However, in the event that actual costs (such as venue cancellation fees, instructor assignment cancellation fees, etc.) are incurred in excess of the above cancellation fees, we will charge a cancellation fee that includes those additional costs.

| Consumption Tax

Consumption tax is charged separately.

| Distribution Platforms

The venue configuration and delivery platform, including operational systems, are subject to change for certain reasons.

| Online Streaming Risks

Live streaming always involves risks.
Please be aware of the risks below and the measures we have taken to prevent them.

● Risk 1: Network or ISP Disruption

Both video and audio may drop out.
We will immediately switch to streaming on a backup PC and backup line.

● Risk 2: Failure in live streaming platform

By storing a buffer during delivery, it reduces the phenomenon of video and audio interruptions due to the user environment.
The system is redundant so that backup delivery is always available as a countermeasure against failures, but in the unlikely event that the delivery platform fails, an apology for the suspension of delivery will be sent to viewers via e-mail, and they will be guided to the on-demand version at a later date.

● Risk 3: Power failure

Both video and audio may drop out. We will announce an apology for the suspension of the streaming from the backup PC and will provide an on-demand version at a later date.

● Risk 4: Equipment failure

Both video and audio may drop out. We will immediately switch to streaming on a backup PC and backup line.

● Risk 5: Failure on the viewing side

If fewer than 10% of total viewers report viewing failures, the issue is likely caused by the viewer's individual environment and will be handled on a case-by-case basis.
If 10 or more similar viewing failures are reported from the total audience, we will announce an apology for the streaming suspension and provide an on-demand version at a later date.
